

Environmental Policy Statement

Clifford College recognise the importance of environmental practice and is committed to operating its business responsibly and in compliance with all legal requirements relating to the provision of all Training.

It is Clifford College's declared policy, to operate with and to maintain good relations with all regulatory bodies.

Clifford College intends to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- Assess and regularly re-assess the environmental effects of the organisation's activities
- Training of employees in environmental issues
- Minimise the production of waste
- Minimise material wastage
- Minimise energy wastage
- Ensure vehicles are regularly serviced to minimise exhaust emissions
- Promote the use of recyclable and renewable materials
- Reduce and/or limit the production of pollutants to water, land and air
- Control noise emissions
- Minimise the risk to the general public and employees from operation and activities undertaken by the organisation
- Identify environmental hazards relating to our work activities and provide emergency incidental procedures

This policy is communicated to all employees, suppliers and sub-contractors and is made available to the public
